## ABOUT THE COVER . . .

### **A.J. SMITH LUMBER - ERIKSDALE, MANITOBA**

Alexander James SMITH was born in Winnipeg on 19 Mar. 1887 [s/o James SMITH (1856-1889) & Margaret May Peterson STOVE (1859-1887)]. Alex Sr. had arrived in Winnipeg in 1872 and spent the first decade here as an employee of the Manitoba Free Press. In 1883, he returned to Stromness, Orkney where he married Maggie on Aug. 2. The couple had three children: William Alexander Beattie (1884-1974), Winifred (1885-1886), and Alexander James (1887-1962), all born in Winnipeg, Manitoba.

Due to the tragic early deaths of their parents and baby sister, William and Alex were placed under the care of their paternal grand uncle, Captain Gilbert HACKLAND, retired H.B. Co. Officer, at Oak Point, Manitoba.

Alex made his way north to Eriksdale in 1911 as the CN rail line arrived that year. He clerked for the Eriksdale Trading Co. until 1915 when he built his first lumber office.

The business continues today under the name "Gordon K. Smith & Sons Ltd." Lumber & Building Supplies. On 18 June 1912, Alex married Marjorie Elizabeth SMITHEMAN (1890-1972) at Seamo, Manitoba. Their descendants include 3 children, 9 grandchildren, 15 great grandchildren, 1 great great grandchild. Alex loved the Interlake country and was laid to rest there in the cemetery at Eriksdale following his death on 03 November 1962.

## **A MESSAGE FROM THE PRESIDENT**

[Carolyn Lumsden]

One of the objectives of the Manitoba Genealogical Society is to collect and preserve information, books, manuscripts, and other related material relevant to such genealogical study. The Vital Records of Manitoba are records that we would like preserved. In the Free Press on May 15, 1989, Angus Baxter is quoted as saying:

"the provincial vital statistics branch is less forthcoming that [sic] most with copies of old birth certificates, often refusing to make a search unless full information can be provided. It's pretty silly when you get letters like that - when you want a copy of a birth certificate and they say, 'We're unable to search for it unless you can supply us with the exact date and place of birth' and so on - and this (information) is what you want it for. They're the only vital statistics branch in Canada that sends a letter out like that. (Others) will do their best."

One of our on-going goals has been to get the Vital Records indexed, in hopes that an indexing would make it easier for staff to find certificates when less than complete information is known. We have met with no success at all!

And now it has come to our attention that the Vital Records Office has sent a directive to all Rural Municipal Offices stating that they must send all their birth, marriage and death records since 1882 to Winnipeg or DESTROY them. This is unbelievable!! Why would anyone want to destroy these records which are important to the people involved as well as their descendants? These records are used by people for a variety of government purposes, i.e. to establish relationships in a host of legal situations, to prove age for pensions, etc., as well as to build a family history.

Perhaps the rural records are duplicated by ones held by the Vital Records Office in Winnipeg, and perhaps they feel there should be only one copy. However, most places have more than one copy and it seems to be more far-sighted to be in that position. What happens if the building which houses the Vital Records is burned, hit by a tornado, or befalls some other disaster?

At any rate, the executive of the Society feel that it is a responsibility to try to do something to preserve these records. Letters have been directed to Charlotte Oleson, Minister of Family Services and responsible for the Vital Records Department.

At this time, the Society has a membership of 754. When Ontario sent letters to their provincial government requesting a change in the access to their Vital Records, the response from the Government was that they had only received 800+ letters when the membership was 5000, therefore, the members obviously did not feel this was an important issue. The Manitoba Genealogical Society executive will endeavour to pursue the preservation of the Vital Records, however, it is essential that YOU the member, the genealogist, the family historian share your concerns on this issue.

The executive/council members will be meeting in September to discuss various issues, including the above-noted matter. Please remember, YOUR input is essential to the government in order for the realization of the importance of this issue.

## UNITED FARM WOMEN OF MANITOBA

[By: Thelma (Weslak) Findlay]

In 1918, a Women's Section was formally organized under the United Farmers of Manitoba. The papers of the Manitoba Grain Growers' Association, United Farmers of Manitoba and the United Farm Women of Manitoba are housed at the Provincial Archives of Manitoba and span the period 1903-1939 (various documents cover particular time periods therein).

In 1922, a Survey of Farm Homes was prepared and mailed out by the United Farm Women of Manitoba. For genealogists, if your relative was one who completed the form and submitted it in, this would serve as historical information about their environment during 1922 and genealogically, the last question would give you an indication of the size of the family in 1922. Quite often, those completing the survey form added comments beyond the questions asked! The questions are as follows:

Size of farm \_\_\_\_ Owned or rented \_\_\_\_  
Distance from Market \_\_\_\_ Doctor \_\_\_\_ Hospital \_\_\_\_  
School \_\_\_\_ High School \_\_\_\_ Church \_\_\_\_ Community Hall \_\_\_\_  
No. Rooms in House \_\_\_\_ How Heated? \_\_\_\_ How Lighted? \_\_\_\_

Do you sell butter? \_\_\_\_ Cream? \_\_\_\_ Milk? \_\_\_\_ Poultry? \_\_\_\_ Eggs? \_\_\_\_  
What creamery do you patronize? \_\_\_\_  
Do dairy and poultry nearly finance home? \_\_\_\_  
Do you keep household accounts? \_\_\_\_  
Have you any special plan for your own spending money? \_\_\_\_  
How long a vacation do you take in a year? \_\_\_\_

The Survey of Farm Homes 1922 is labelled MG 10 E 1 Box 12 (6 files) at the Manitoba Archives, however there are actually 7 files/folders.

The folders themselves are not numbered, however the survey forms inside have a handwritten number on the top left of the page and the following indexes indicate which numbers are found in each folder.

Wildwood Park is situated on a point of land bounded by the Red River, and the history, dating back to prehistoric times, is outlined. There were various attempts to establish it as a residential area, but it was not until 1945 that it was fully developed. The earliest settlers in the 20th Century were the John Trew family from Ireland. The book does not contain family histories and there is no index. However, there are a multitude of pictures and they are well annotated. Photograph editor was Kathy Stokes. Anyone who lived in Wildwood will want to own this book. MGS 971.274 Wil.

Name Index To "... And They Built An Altar" prepared by Jerry Frank, 3548 - 2 Ave. S.W., Calgary, AB T3C 0A1: Jerry has developed a complete Surname Index as well as a Place Name Index for the book on the Brokenhead Lutheran Community north of Beausejour, Manitoba. Very generously, he has not copyrighted the index, but of course does ask anyone who uses the material to extend appropriate credit to the author. Those with Russian/German or Polish/German ancestry will welcome Jerry's index. MGS 971.27.
