MESSAGE FROM THE PRESIDENT

1987 has been an exciting, challenging and frustrating year for M.G.S. The membership increase has exceeded the 10% growth of the past two years. At 1987 year-end, the Society had 722 members, an increase of 11%, including 171 new family historians. Visitors to the office and resource center numbered 1,730, 75% more than in 1986. The new format of our journal, which combines Generations and the Newsletter, has created favourable comment.

No doubt the popularity of M.G.S. arises in part from the services now available in the Resource Center: an expanded library, more microfilm and fiche, larger cemetery and newspaper indexes and helpful volunteers and staff. M.G.S. is fortunate to have received support for such expensive equipment as the computer and film-fiche reader-printer through generous grants from the Manitoba Heritage Federation. As well, they have helped furnish the office and purchase books. The provincial Department of Culture, Heritage and Recreation once again gave M.G.S. an operating grant to help cover expenses incurred in running the office. Local History Committees from around the province have donated a record number of books to the library. Job training programs have allowed M.G.S. to provide better service in the Resource Center through the use of students in the summer and other trainees in the winter. M.G.S. has also participated in High School work experience programs where students gain office experience while assisting with office chores. At present, M.G.S. is pleased to house two students from the Library Technician Course from the Red River Community College on a two-week work program: Helene Leydier (March 14-25) and Pat Brice (April 5-15).

The 1987 Seminar was a great success with one of the largest registrations ever. St. John's College at the University of Manitoba proved to be a very satisfactory venue for the event. Outstanding speakers and plenty of time to exchange ideas highlighted the seminar.

Volunteer support is one of the hallmarks of M.G.S. Members throughout the province donate their time in the office, at home, and in the field, helping each other with research, cataloguing books, entering data onto computers, typing, preparing Generations for mailing, speaking to schools and other groups interested in family history, transcribing cemeteries, and manning information booths, to name but some of the tasks performed.

However, anyone who has visited the Resource Center knows that the library is crowded, that work space is at a premium. No expansion plans are in the foreseeable future due to lack of funds. The provincial operating grant is frozen at the same level for the past three years. M.G.S. is currently working with the Manitoba Heritage Federation to help provide a united voice of heritage in negotiations with government.

It has been an interesting and stimulating experience to have been President of M.G.S. during the past year. Executive and Council members, committee chairs, volunteers, staff, and individual members have provided tremendous support in all endeavours. With continued support, 1988 can be even more successful!

MESSAGE FROM THE EDITOR - Thelma Findlay

Well, a year has come and gone! 1987 proved to be challenging and rewarding for me. There were many things to learn in the process of fulfilling the many responsibilities associated with the Chairmanship of the Publications Committee, as well as being Editor of Generations. Many thanks to all who have written - your remarks are most worthy! 1988 should be a continuation of the learning process started in 1987. Each issue of Generations is genealogically rewarding. If any of YOU, the readers, have any suggestions or ideas for future editions, I would enjoy hearing from you. This issue of Generations has a 5-generation pedigree chart which I hope all members of the Society will complete and return to the M.G.S. Office. From personal experience, I have been successful in contacting at least two individuals who are researching the same families as I and have shared a wealth of information. Do take a few moments and complete the form - not everyone will know everything, but what you have will be great! Before I close, I would like to extend many thanks to Helene de Wit who has edited the Generation Gaps section of this journal for the last 5 issues. Helene is leaving this task to pursue a personal endeavour. She hopes to write a book on her genealogical research. Good luck in your future endeavours Helene! With that, I close. Read on

The following family history has been compiled by Isabel HYNDMAN (6), along with the help of other relatives [Mary Martha Matilda (ARMSTRONG) HYNDMAN; Gladys (BROWN) HYNDMAN; Laura (PETERS) HYNDMAN; and Annie (HYNDMAN) SMYTH] - all of which was part of a display at the HYNDMAN Family Reunion held on August 2, 1987.

- (1) JOSEPH ALEXANDER HYNDMAN [The Squire]: Joseph Hyndman J.P. of the township of Mountain, was born in Derry, Ireland in 1808 and, after passing his majority, emigrated with his wife to Canada, when the means of communications were so imperfect that more than a week was required in which to accomplish the journey from Montreal to his adopted home in Mountain. Settling on a bush farm, he at once commenced the conquest of the forest. His domicile during the first summer of his abode here, consisted of a shanty - 8x10 feet, where his coat was made to do service as a door. After a hand-to-hand encounter with the trials and vicissitudes invariably incident to pioneer in the woods, Mr. Hyndman emerged from the condition of poverty in which he came to Mountain into one of independent affluence, the attainment of which is due solely to his unremitting toil and prudent economy. But his intellectual qualities were fully equal to his physical proportions, and as a Director of public affairs, he soon came equally prominent and useful. He was many years a member of the Municipal Council, occupying the Reeve's chair for three terms. His ability and influence were also recognized by the Government, who early placed him on the Commission of the Peace. In the history of Mountain, a few men have been more closely or actively identified with its interests, and none have secured and retained a greater share of deserved popularity and esteem. [Excerpt from the Stormont, Dundas and Glengarry Atlas, 1879]
- (2) JOHN ALEXANDER HYNDMAN [1869-1950]: John A. Hyndman, who owns a farm of 480 acres on section 33 Twsp 14 Range 22, is well known in this vicinity. He dates his residence in Manitoba since 1899. He was born in Dundas County, Ontario on March 21st, 1869, and is a son of Joseph and Jane (SHAW) Hyndman. The father passed away on Sept. 11th, 1901, and is buried in Grenville Co., Ontario. John A. Hyndman acquired his education in Ontario and at the age of sixteen laid aside his books in order to assist his father in the latter's mill. For about thirteen years he worked at this occupation, and at the end of that time came to Manitoba, where he purchased 320 acres of land on 33-14-22 W1st. This was then in a wild state, but he soon cleared away the brush and scrub, and began improvements on his place by building fences and erecting buildings. From time he added to his holdings until they comprised 480 acres, some three hundred of which are under cultivation. Here he engages in mixed farming. In Dundas County, Ontario he married Mary ARMSTRONG in December of 1893. She was the daughter of Samuel and Matilda (ROBINSON) Armstrong. Mr. and Mrs. Hyndman have four children - Ralph A. - Frank S. - Joseph L. - Norah Annie, all of whom live at home. Mr. Hyndman gives his political allegiance to the Conservative party, and since coming to the Hyndman District, which was named in his honor, has been active in local Politics, serving for 12 years as Justice of the Peace. He has been postmaster since 1912, the office being called Hyndman, and is otherwise active and prominent in the public life in this section of the Province. He belongs to the I.O.O.F. and also the Masonic Order, and his religious views are in accordance with the Doctrines of the Presbyterian Church. [Excerpt from: "Story of Manitoba" Vol. III, Published 1913 (Edited)]

During the flu epidemic, Frank rode from farm to farm to carry-out chores of the stricken farmers. Frank met Laura May PETERS at an Ice Carnival in Cardale. Laura was the only daughter of John and Jenny PETERS. Frank and Laura were married in Laura's Uncle Rob and Aunt Laura GILL's home on December 17, 1919. They farmed in the Oak River area and then moved to Rapid City in 1928 - with all possessions stacked on a hayrack, plus six children and four horses. THE GENEALOGIST

The Genealogist is he
Who traces back the family tree
In all its sad adversity.

Pride, shame and plain perversity
He is preoccupied with graves
And probate courts and gladly slaves
Deciphering epitaphs and saves
And saves the evidence of queer old Dave's
Odd will -- Aunt Phoebe's sin --
Apprentice, pirate (with chagrin)
Though it began with Peregrin!

No Mercury so fleet as he
In search of widow number three
Relict of Uncle Zebedee

NATIONAL FORUM ON HERALDRY IN CANADA

"... my name is John Blackwell. I am present ... as a representative of the almost 5,000 amateur and professional family historians, who belong to the Ontario Genealogical Society (OGS) ... genealogical ... society on this continent with a legitimate grant of arms. ... received in 1985 from the Lord Lyon in Edinburgh ... during the process of applying for armorial bearings, we became profoundly aware of the untenable position of Canadian heraldic symbols. We found it ironic indeed that Canada, now a constitutionally sovereign country, should have no legally constituted authority for registering and regulating indigenous heraldic devices. ... OGS strongly endorses the brief presented to the Secretary of State last June (1986), by the Heraldry Society of Canada. This able document not only points to the unsatisfactory status of Canadian symbols; it also provides a considered, workable and truly Canadian approach to managing current realities. Before concluding my remarks, I would like to elaborate on one of the proposed responsibilities of a Canadian Heraldic Authority ... to provide for the registration of genealogical information in order to administer the lawful descent of arms in Canada. Genealogy has traditionally been the handmaid of Heraldry. This will be no less true when a Canadian authority is established. ..."

Due to limited space in this issue of Generations, the article in its entirety is not printed. However, for those readers who would like to learn more about the Canadian Heraldry Society may address their attention to an article which appeared in Families Vol. 27 No. 1 Feb. 1988 (from which this brief was extracted) or you may wish to write directly to: John D. WESTERN MANITOBA'S MILITARY MUSEUMS

[Gleaned from article in 'Neepawa Press' Sept. 2, 1987, Carol McKendrick]

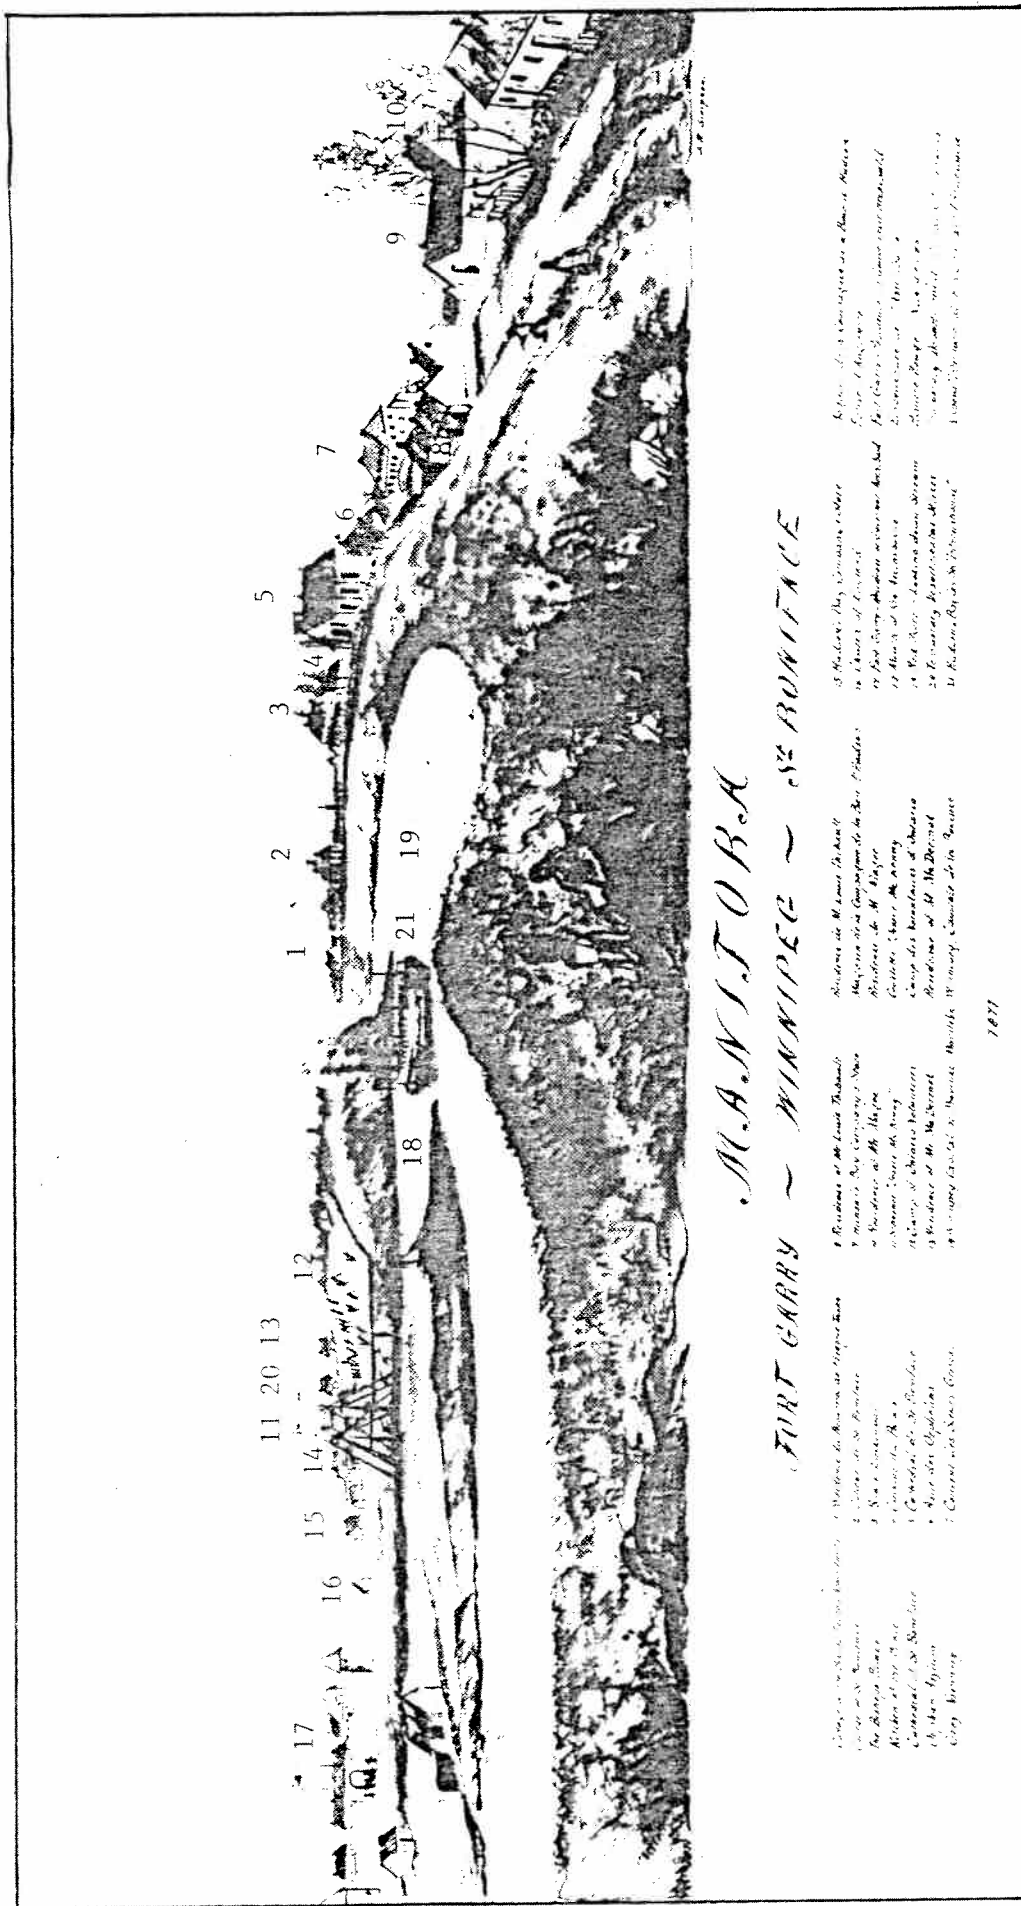

Those who served in the armed forces, or whose lives or imaginations were touched by past wars, will find old memories revived by three Western Manitoba military museums. Canadian Forces Base, Shilo, is home to the Royal Canadian Artillery Museum, housing more than 8,000 exhibits of dress, equipment and weaponry. ... The museum has a vast library of information on personnel and equipment assigned to Canadian artillery regiments from 1700s to the present. There are also war diaries of every Canadian artillery unit that served overseas in W.W.II, and more than 5,000 photographs. Veterans, their families, or the public at large can request research on individuals' military careers, or they can browse through "Canada Overseas" magazine, a chronicle of Canada's forces in W.W.II. ... Located in the Brandon Armoury at the corner of 11th St. and Victoria Ave. is the 26th Field Artillery Regiment Museum. Its six small rooms contain archives and exhibits on the history of the 26th and earlier regiments, including the Manitoba Rangers, 12th Dragoons and Border Horse, which were eventually consolidated into the 26th. ... Here too there are regimental records, ... The library is a valuable resource for researchers interested in accounts of various battles. And there are records on every serviceman who was ever attached to the 26th Artillery or its affiliated regiments. ... During W.W.II, Brandon was virtually circled by training bases that turned out pilots, navigators and other air servicemen for the Commonwealth Forces. The lives and deeds of these men and the training bases are commemorated in the Commonwealth Air Training Plane Museum at the Brandon Airport. The first exhibit you see is a one-of-a-kind memorial book containing short biographies of the 18,300 airmen, trained in Canada, who lost their lives in the 1939-45 war. Nearby is also a photocopy of the base barber's record book, where every new recruit who got shorn at Brandon Manning Depot signed in. ...

Many thanks extended to M.G.S. member Ethel Denoon who sent in this 'Neepawa Press' article.

A recent edition to the M.G.S. Resource Centre is a book entitled Six Thousand Canadian Men/44th Battalion Canadian Infantry, 1932, by E.S. Russenholt for the Forty-Fourth Battalion Association, Winnipeg, Canada, De Montfort Press, Winnipeg, Canada. This book is a detailed history of the 44th Battalion which covers the Battalion in Canada, England, at Somme, Vimy Ridge, Lens, Ypres, and much more. At the back of the book is found a "Nominal Roll And Record of Service of the 6000 Canadian Men Who Served With The 44th Battalion, Canadian Infantry", which includes their regimental numbers, name and rank, original unit; disposition and date; as well as theatre of service.

CANADIAN FORTS (by: Thelma Findlay)

When preparing the 1986/87 Surname Index, it was indeed apparent that many researchers had ancestors who, at one time or another, had been associated with a Fort in Canada. It continues to occur in New Members' Interest columns, etc. Therefore, the following brief points on a few of the Forts are presented for your perusal.

LOWER FORT GARRY ⁴

In 1928, the Hudson's Bay Company put out a publication called "Lower Fort Garry" by a Mr. WATSON. Much of the information was gathered from a number of old timers of the Little Britain area, such as T. CLOUSTON and J.R. BUNN, to mention but a few. One of the informants was one Alfred FRANKS, a brother of my gr-grandmother, both being children of James FRANKS, chief trader of the Hudson's Bay Company. In 1926, Mr. FRANKS, by then retired, drew a diagram of former buildings and other facilities at and adjoining the old fort. This included the position of the burial ground used by the soldiers of the Wolseley Expedition. The burial ground is said to be west of the stone fort (beyond today's #9 Highway). Today, neither the older residents of the area or historical research will turn up any remembrance or trace of this cemetery. Even the Hudson's Bay Archives are unable to find any documentation of the cemetery, making the record of Mr. FRANKS Map and mention in Robert WATSON's book the only written reference to the Lower Fort Garry Cemetery. We are therefore at a loss for names of the inhabitants of the small cemetery with its unmarked graves. We can, however, provide a list of a number of Wolseley soldiers (Second Quebec Regiment) who occupied the Fort during the winter of 1870-1872 who had carved their names on the pillars of the east gateway.

WINNIPEG BRANCH [Submitted by: Heather Hobbs]: Greetings to all new and renewed Winnipeg Branch members! We started off our meetings for 1988 on January 21 with Prof. H. Rutherford speaking on movements of people in and from Western Europe. Prof. Rutherford's lecture was most refreshing, containing many lesser known reasons why our ancestors moved to North America and also how widely they travelled within Great Britain. The February 18 meeting was an informative workshop on recording oral history and also gave information on what government grants are connected with this activity. Thank you to Ron Frieson and Ed Somers. On St. Patrick's Day, March 17, we had an enjoyable round of "My Favourite Ancestor". All of us genealogists have some of those that we love to talk about, don't we! **UPCOMING MEETINGS** [7:30 p.m., Museum of Man & Nature classroom, unless otherwise noted]. April 21 - Workshop on visiting English Record Offices with speaker Jack Mavins. Members, bring your own anecdotes of successes and disasters. May 19 - The Winnipeg Branch of M.G.S. will become 10 years old. Celebrations and presentation of our charter. If you know any former branch members, bring them out for this meeting! June 16 - A visit to "Dalnavert", the Hugh John Macdonald Museum at 61 Carlton St. Come see how well-to-do Victorian ancestors might have lived. Tour and tea (advance registration required). **NEW ACTIVITIES:** (1) Scrapbook Indexing Project - we are indexing the names in the genealogical scrapbooks collected over the years to prepare them for other researchers and would be pleased to include more volunteers for this project. (2) Special Interest Groups - we are starting to organize some special interest groups (e.g. Ukrainian, French, Scottish, etc.) for the mutual benefit of branch members. Hopefully, these will become groups that can function independently of branch meetings when members have problems and/or discoveries. (3) Nabob Foods UPC Symbols - collect the UPC Symbols from any 369g package of Nabob roast coffees and submit to Winnipeg Branch, Box 1244, Winnipeg, MB R3C 0J0. Completed tally sheets (symbols affixed thereto) are sent to Nabob Foods and they in turn, offer redemption for \$1.00/sheet. A great fundraising effort! If you have any questions or comments, please let me know. The branch would like to extend many thanks to John Ferguson for his work in organizing programs for the meetings. 1988 Winnipeg Branch Executive:

President - Heather Hobbs
1st Vice-President - Candice Kelner
2nd Vice-President - Beryl Robbins

RUTH TESTER, one of the founding members of M.G.S. died in Brandon on January 21, 1988. She will be remembered as one of the organizers of the Westman Cemetery Transcribers, the first group in the province to record inscriptions on Manitoba tombstones. For this work, she received a M.G.S. Certificate of Merit in 1987. Ruth attended the 10th Anniversary party of the Brandon and District Branch just one week prior to her death.

Our sympathy is extended to members of her family and to her genealogical friends/acquaintances of M.G.S., in particular, those in the Brandon and District Branch of M.G.S.

SWAN RIVER VALLEY BRANCH: The Genealogy Club at Swan River was initiated in the fall of 1987 with the assistance of the Swan River Public Library and Mona Morrison, the Recreation Director for the Town of Swan River. The first meeting was held on November 21 with 12 individuals attending. Everyone introduced themselves and indicated some names of ancestors and countries of interest to them, as well they told of some of their progresses to date. Discussions evolved around M.G.S. and the benefits of an affiliation therewith. On December 15, 16 individuals gathered to learn about "Using the Canada Census Records for Research", lectured by Glen McKenzie. A brief history of the Swan River Valley from fur-trading era and a list/contents of local research sources (e.g. churches, funeral home, Town of Swan River) was given in a discourse by Bill Whyte. The second Monday of each month has been designated as a permanent date for meetings. A nominations committee was established regarding Branch Officers. On January 11, due to numerous questions regarding research problems, the meeting formulated on a mutual-assistance workshop which concentrated on Scotland, England, Eastern Europe, Canada, and U.S.A. Individuals in attendance shared their genealogy records and books, maps, and magazines. The February 8 meeting continued on the same agenda as January 11. At the March 8 meeting, Glen McKenzie spoke about the type of information available from death certificates. As well, Eldon Paull, local funeral home owner, discussed records available. Eldon's father and grandfather preceeded him in the management of the funeral home, since 1905. A record of Swan River newspapers (housed at Manitoba Archives) was also presented. April 16 will feature a local learning seminar under the guidance of Gordon and Ruth Breckman. Branch fees have been set at \$5.00. The 1988 list of officers include:

President - Glen McKenzie
Secretary - Donna Fox

Treasurer - Hugh Horbeck
Chairman, Phone Comm. - Marian Wells

FRAMFARE 1877-1880 (Reviewed by Kathy Stokes). Published by Gimli Chapter, Icelandic National League of America. Friesen Printers, 1986 (748 pp.) approx. \$50.00.

Framfare, the Icelandic word for 'advance', is the name given to the first Icelandic newspaper which was published on a fairly regular basis from 1877-1880 in New Iceland on Lake Winnipeg. Thanks to the excellent translation of former M.G.S. member George Houser, we are now able to capture a fascinating picture of life in this small struggling settlement. The newspaper was of tremendous importance to the settlement.

"As soon as Icelanders started emigrating to the continent in appreciable numbers, they began to voice the fear of losing their language and national identity here unless something special was done to preserve them ... to maintain this precious heritage ... the Icelanders should form their own colony ... and a journal be published in Icelandic ... It was scarcely thinkable that one could prosper without the other."

For those whose ancestors settled in New Iceland, this book is a magnificent picture of life at that time, there are descriptions of living conditions, information on relatives still in Iceland; the occasional list of pupils attending the school, and letters to the editor, especially about differing points of view on religion. The outside world was not neglected either, with articles on many topics from many countries. The book is attractively covered and well bound and easy to read and is recommended reading for anyone interested in the history of Manitoba.

ST. FELIX DE VALOIS 1887-1987 (Reviewed by Lori Frank). St. Felix Archives Committee. Friesen Printers, Altona, Man. 1987. 170 pp. \$30.00.

This is a local history book of the Parish of St. Felix situated in Dunrea, Manitoba. It is basically a church history, but involves a lot of the area happenings. It is amply illustrated and contains a large family history section. No index.

TIGER HILLS TO THE ASSINIBOINE (Reviewed by Lori Frank). Treherne Area History Committee. Friesen Printers, Altona, Man. 1976. 382 pp. \$16.00.

This is a local history of Treherne, Manitoba and its surrounding area of the Municipality of South Norfolk. It has a very expanded, indepth text and contains many photos. It's family history section is large, but alas, it contains no index.

UNDER WHOSE SHADE (Reviewed by Louisa Shermerhorn). Author: Wes Henderson. Nepean, Ontario: Wes Henderson & Assoc., Inc. c1986. 119 pp. Illus. ISBN 0-9692698-0-3. \$8.50.

This is a story of a pioneer in the Swan River Valley of Manitoba originally printed by the Swan River "Star And Times" in 1982. "It is a tribute to Nelson Henderson (the author's father) farmer, soldier, rural leader and sportsman of the Swan River Valley. The title of the book comes from his saying 'the true meaning of life is to plant trees, under whose shade you do not expect to sit.' The story reflects the dreams and aspirations of the kind of people who made this country great, in particular here the life of Nelson Henderson and his wife Eunice Watson.

THE BLACKSMITH AND THE BEEKEEPER (Reviewed by Louisa Shermerhorn). Author: Wes Henderson. Nepean, Ontario: Wes Henderson & Assoc. c1987. v, 91 pp. Illus. ISBN 0-9692698-2-X. \$10.00.

This is a story of an unheralded hero in the pioneer days in Western Canada. Hugh Gourlay is more than a blacksmith. Cathie Dunnett, his wife is more than the beekeeper. Put together from recollections of neighbors and friends. It sets out the life of Hugh and Cathie and it reflects what pioneer life encompassed.

R.M. OF BOULTON. ONCE UPON A CENTURY...1884-1984. Inglis, Manitoba: R.M. of Boulton, 1986. vi, 370 pp. Illus. ISBN 0-88925-642-X. Donor: R.M. of Boulton. Avail. from R.M. of Boulton, Inglis, Man. R0J 0X0 \$45.00.

Boulton Municipality is on the north-west of Riding Mountain National Park covering townships 22,23,24, Range 27 and Townships 23, 24, Range 26, West of 1st Meridian. There are good section maps showing landowners (1983); pictures of all those who served in Canada's military, peacetime and wartime; a section on schools which has many captioned pictures and lists of students and teachers; a family histories section is arranged alphabetically by surname. The history includes the settlement of Asessippi as it was linked closely with the early life of the municipality. No index. A worthwhile purchase if you had roots in this part of Manitoba.

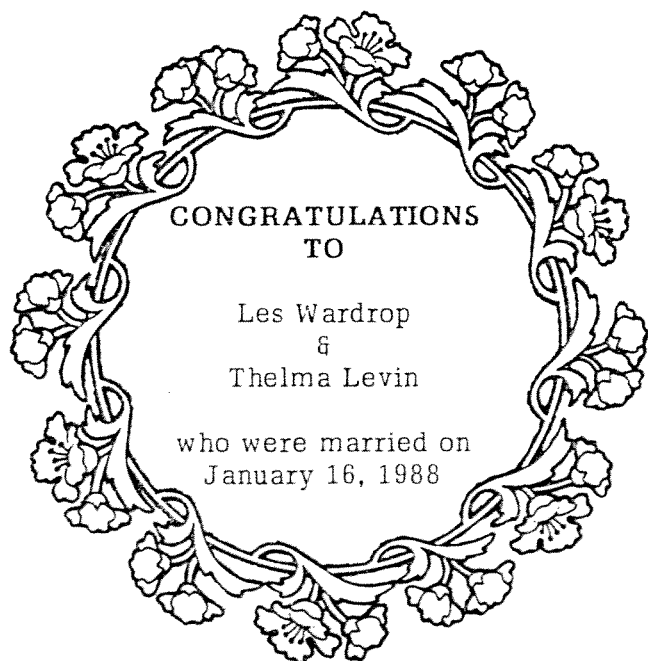

CORRECTION PEMBINA COUNTRY, LAND OF PROMISE Book Review: Vol. 12 No. 4 pg. 22 Generations: The price of the book should read \$4.00 plus postage, not \$40.00!

SONS OF PIONEERS, OR A BAREFOOT BOY WITH ROOTS (Reviewed by Louisa Shermerhorn). Author: Felix Tesarski. Winnipeg: F. Tesarski, 1987. 238 pp. Illus. Donor: Felix Tesarski. Avail. from the author 21 Primrose Cres., Winnipeg, MB R2V 2K8, as well as at some Winnipeg bookstores - \$14.00.

This is not a genealogy but it is a family history with a difference. As Mr. Tesarski says, he has used a 'style uniquely his own'. Roughly paralleling his life, the story is a delightful collection of anecdotes and actual happenings, with illustrations. His father Anton came to Canada in 1908 from Ukraine with his mother following a year later - to a 'hut on the hill' near Tolstoi, Manitoba. While the hardships of pioneer life are obvious, the author never dwells on those hardships and even makes it sound (a bit) like fun. Many Ukrainian celebrations are explained and there is a Glossary of Ukrainian words.

ST. PIERRE-JOLYS AUJOURD'HUI 1977. St. Pierre-Jolys, Manitoba: Bibliotheque Regionale Jolys (1977). 115 pp. Illus. ISBN 0-88925-030-8. French. Avail. from Publisher.

This is an illustrated account of St. Pierre-Jolys parish on the occasion of the centenary of Saint-pierre. In the preface, H  l  ne Chaput, S.N.J.M. states: "Comme vous encore: une Manitobaine ayant    coeur de conserver les riches traditions transmises par nos   eux, et de garder la foi, la langue et la culture qui font de nous des citoyens    caract  re bien particulier dans la mosa  que canadienne". This book portrays that culture as it has developed within our multi-cultural mosaic of Manitoba. There are capsule histories of individuals as well as school histories, etc. In conclusion, the historian Perre Hector Cote says, "Nous souhaitons que dans une autre centaine d'ann  es, nos successeurs ou nos descendants soient aussi fiers de nous que nous le sommes en ce moment de nos devanciers". A book anyone with an interest in this area will treasure.
